RANKS AS GENERAL.

Dr. Frank Boyd Is Promoted—
Now Surgeon of a Corps,
With Rank of General.He Left Paducah to Become Sur-
geon of the Third Regiment.
Promotion Well Deserved.

Dr. Frank Boyd, of the city, who left here to join the Third regiment as chief surgeon, and was appointed to the position with rank as major, has been promoted, and is now surgeon of the First Army corps, under Gen. Brooke, with rank of general, and pay of brigadier-general, \$5,000 a year.

The news of Dr. Boyd's promotion will be hailed with delight by his many friends here, especially as he obtained it over many applicants, one of whom was Nicholas Senn, of Chicago, who is considered by many to be the greatest surgeon in the world, and whose practice was worth \$50,000 a year.

Dr. Boyd has won the good will and admiration of everybody since he left Paducah, and it is due to his popularity as well as his great ability that he has risen so rapidly.

ad dr. Boyd.

The promotion of Dr. Boyd is only temporary, but is given out as a straight tip that it will be made permanent. He now has charge of all the chief surgeons under Gen. Brooke.

It is understood that Dr. Lillard Sanders, of the city, who left here as hospital pharmacist, has been promoted to Dr. Boyd's place as chief surgeon of the Third regiment.

LIEUTENANT BLUE.

The hero of the week is gallant Lieut. Blue, who invaded the enemy's country all alone, taking his life in his hands, and with his own eyes saw Cervera's fleet in the land-locked bay of Santiago. Lieut. Bozoe wishes to give the gallant American his honor due him, and tonight will be

SPANISH SOLDIERS DESERTING.

Scripps-McRae Service.

Key West, June 18.—A gunboat arrived here yesterday morning with three messengers from the Cuban leaders in Matanzas province to Gen. Nunez at Tampa and the Cuban Junta here. The men are Major Prado, Lieut. Rubalcaba and Capt. Cortes. They came from Col. Raja's camp East of Matanzas.

Maj. Prado said there were about 16,000 Spaniards on the coast between Matanzas and Cardenas. Spanish volunteers and soldiers of late have been deserting in numbers from the forces around Matanzas and joining the Cubans, the Cuban forces in this neighborhood numbering about 2,000, they have arms but lack food and ammunition.

Gen. Molina, Blanco's representative in the province is imitating Weyler's barbarous methods. He has had several skirmishes of late and the Spanish always mutilate the Cuban dead.

The Spaniards are short of food in Cardenas and Matanzas. The cavalry have been dismounted and their horses are being used for food.

DREAD AMERICAN TYRANNY.

They Claim That Gen. Gomez Has
Protested Against American
Intervention in Settlement
of the Cuban Question.

IT'S ONLY THE USUAL SPANISH RUMOR.

Scripps-McRae Service.

Madrid, June 18.—A Havana dispatch says that the newspapers in that city are unanimous in the belief that most serious dissensions have arisen among the insurgent leaders. The dispatch claims that some of the leaders have become neutral while others are anxious to oppose the Americans whose tyranny they dread.

The Guerra Marina prints a letter purporting to be from Gomez to the Cuban Junta in New York, protesting against American intervention in the settlement of the Cuban question.

These papers claim that the Americans will receive no active support from the Cubans except in a few cases, and that there is a probability that the insurgents will join the Spanish forces.

ANOTHER REPORT.

This Says That Many Insurgents
Favor Reconciliation With
Spain.

Scripps-McRae Service.

London, June 18.—The Times has a dispatch from Havana which says that there is a most decided tendency on the part of a large section of the insurgents towards effecting a reconciliation with the Spaniards, owing to their mistrust of American intervention, they being fearful that Cuba will be annexed to the United States after the war is over.

A proclamation has been issued by General Blanco controlling the sale of provisions and fixing a tariff on food-stuff.

lar Army.

Scripps-McRae Service.

New York, June 18.—Forty operators and nearly as many electricians employed by the Western Union Telegraph company have joined the regular army and have been formed into what is to be known as the First and Second New York signal corps. It is supposed that they will be sent to Manila.

San Francisco, June 18.—The war has caused a big increase in the coining of silver. The output of the mint for the past fiscal year will reach fifty million dollars.

THE PLUTON HIT.

Scripps-McRae Service.

Madrid, June 18.—Correspondencia de Espana in its account today of the bombardment of Santiago says that many of the shots fired by the American fleet fell into the sea and did no damage. One shot, however, hit the torpedo boat Pluton, but injured it only slightly.

INVASION
POSTPONED.The President Will Wait Until
the Rainy Season Is Over
Before Havana Is
Attacked.The Reconcentrados Will Be Sup-
plied Through the Insurgents.
A Base of Supplies Will Be
Opened at Santiago.

Washington, June 18.—After careful consideration, the president and his advisers have decided to postpone the main Cuban invasion and the attack on Havana until after the rainy season. The danger from disease that the army would have to encounter if it should invade Cuba during summer would be very great, and the president has come to the conclusion that it would be a useless waste of human life to send the American troops into Cuba before fall.

It is not the intention, however, to let the fearful suffering of the Cubans continue for any length of time. In the very near future the United States will seize some place on the northern coast of Cuba and form a junction with the army of Gen. Gomez. Through this channel of communication the government will supply the starving Cubans with an abundance of food.

While Major General Miles was in the South he was in constant communication with Gen. Garcia. The insurgent general was informed that the American army would be sent to Santiago and that his troops would be plentifully supplied by the United States with food, clothing and munitions of war.

By forming a junction with Gen. Gomez it will be possible for the United States government to relieve the sufferings of the Cubans in all parts of the island. Gen. Garcia will distribute food in his section of Cuba and Gen. Gomez in his territory. As soon as Major General Shafter has landed near Santiago de Cuba a vessel will leave the United States with 500,000 pounds of fresh dressed beef to supply the army and the Cubans. Two ships have been engaged by the government for the sole purpose of carrying food to Santiago de Cuba. One of these boats will leave each week with 500,000 pounds of beef.

OTHER LATE WAR NEWS OF INTEREST.

Scripps-McRae Service.

London, June 18.—Manila advices via Hong Kong dated June 13 asserts that Gen. Aguinaldo, the insurgent leader, on June 12, at a gathering of rebel chiefs, proclaimed the independence of the Philippines.

Besides the three thousand prisoners captured in the last great battle, Aguinaldo has captured a great deal of money, which he has entrusted to Admiral Dewey.

Washington, June 18.—The administration believes that General Augusti cannot hold the Philippines much longer, but it is not believed that the climax will come until after General Merritt arrives at Manila.

THE SITUATION TODAY.

At noon yesterday Rear Admiral Sampson was expecting the invasion army before nightfall, but he was probably doomed to disappointment. The Spaniards are strengthening fortifications to the east of Santiago, but it is probable the landing will take place to the westward. Rear Admiral Sampson's work of preparation seems complete, but if the army is delayed he will have to do part of it over again.

The blockade of Havana has been greatly weakened by the withdrawal of eighteen warships to convoy the invading army for fear of a phantom ship. Havana is known to be receiving food supplies, in all probability by blockade runners.

Gen. Aguinaldo, owing to lack of artillery with which to attack the fortifications of the city, prefers to await the arrival of the American army before entering the city. But it is by no means certain that he will delay.

The people in Manila are all but starved.

Subscriptions to the war loan are exceeding by far the expectations of treasury officials, and it is now believed the entire amount could have been disposed of at a less rate of interest than 3 per cent.

The senate committee on foreign relations has agreed to a favorable report on the resolution for annexing Hawaii.

A resolution has been introduced in congress transferring Lieut. Hobson to the line, with the rank of lieutenant commander, and extending the thanks of congress to officer and crew.

There are yet no applicants for the position of councilman from the Fifth ward, to fill the vacancy occasioned by the resignation of Councilman Wm. Eades. The resignation will be accepted.

Scripps-McRae Service.

New York, June 18.—The Herald has a Madrid dispatch of today which says that the well authenticated report concerning the Queen Regent's intention to abdicate is only half heartedly denied by the Spanish press.

The Queen Regent on the advice of her ministers has postponed her plan of immediate abdication, but she declared that she will abdicate the throne when the time becomes more opportune.

MAYOR ISSUES ORDERS.

ty will at once take legal proceedings, according to the mayor, to compel the street car company to repair its track on West Broadway. The track was torn up to be changed from the side to the middle of the middle of the street, and the new track has never been covered up, or had not been up to this morning, the ties being bare and down below an embankment of dirt and gravel that seriously interferes with both traffic and drainage. Two or three times the city has served notice on the company, but it never fulfilled its promise.

Several of the council are opposed to giving some of the citizens out on West Broadway anything, however, as the city desires to build sidewalks there, and cannot get the necessary property without going to the trouble of condemning it. Those who have it will neither give it to the city nor sell it, and one or two of the council said last night that they ought to live in mud and water for their obstinacy.

SATURDAY, JUNE 18, 1898.

It looks funny that the papers in the case were not furnished the council.

THERE are certainly a few members of the council who don't believe in whitewashing.

WHAT is the matter with Councilman Fowler? He's all right, no foolishness about him.

WHEN the city council gets through with their investigation, maybe the grand jury could do some investigating.

THE first expedition to Manila is expected to reach there within a week, and then Admiral Dewey will have soldiers enough to occupy Manila and keep order.

THE city's official organ has had little to say about the council lately. It has doubtless come to the conclusion that the "business men's council" was not so bad, after all.

WELL, well! Not a year in office, a public scandal, a resignation, and a general factional fight between the members. Even the "business men's council" did better than that.

IN view of Col. Bryan's horror at the bare idea of annexing anything in the way of a foreign island, it would be real mean to send him to the Philippines to help do the one thing that he is now so earnestly opposing.

A FEW months ago Joe Leiter's friends took great pains to make known the fact that he was managing the wheat deal all by himself and that his father was not in it; now, however, the "old man" is settling up the bills to preserve the family's good name, and Joe is not in it.

MR. BRYAN when asked for an opinion of the action of those eighteen Democratic Congressmen who voted for the annexation of Hawaii, had nothing at all to say. It is quite possible that the vote in Congress reminded him of the vote cast at the November election in 1896 and he recognized the second time the voice of the people.

THE popular loan is a success and the whole \$200,000,000 will probably be taken in amounts of \$500 or under. In many instances the applications have been for bonds as low as \$20 the smallest amount that can be subscribed for. Whether the full amount be thus subscribed or not, the wisdom of popular loans has been amply demonstrated. The people who are anxious to loan money to the government represent every walk of life; mechanics, bricklayers, railroad men, clerks and others of like vocations are furnishing the money with which the government will prosecute this war. As the war has been called the people's war, it is peculiarly appropriate that the funds should be furnished by the first popular loan and the precedent should be established that the people should be the first ones to be taken into confidence by the government.

HAWAII will be annexed and it may be but a few days before a ship is dispatched to Honolulu to raise the stars and stripes over those islands. The vote of the House of Representatives, 209 to 91, showed the way the people feel, for the Congressmen are in close touch with their constituents and know the popular will. The opponents of annexation call the public sentiment in favor of it the "imperial idea" or the "spirit of conquest," and claim that all the traditions of the Republic are being cast aside and a radical departure from established precedents is being adopted that will cause many future entanglements. Yet one fact remains that public opinion is irresistibly in favor of territorial expansion; the sentiment is increasing every day, and the Senate will not be able to withstand the demands of the people. Whether wise or unwise, founded upon reason or instinctive, the people of this country are emphatically in favor of more territory and of planting the stars and stripes on desirable acquisitions.

THE SUN does not make the assertion that "all Republicans look alike" at the distance that Louisville is from here. But we do desire Republican victory this fall, and we consider the success of the party to outweigh the claims of any one man.

It is claimed that the nomination of Hon. Walter Evans was not altogether fairly accomplished; but political functions in Louisville are not noted for fairness when given by either party, and the last affair may not be just as it ought to have been. But that is not the question. Col. Evans is a good man. He will make a valuable member of congress, as indeed Mr. Todd would have done. The Republicans of Kentucky expect to see him elected. No Republican leader in Louisville or elsewhere in the state has any right to endanger the success of the ticket this fall by any lukewarmness or by dissention or sulking. With a united front all along the line, the Republicans have the opportunity to elect the largest Republican delegation that has ever gone to congress from this state. But it cannot be done by bickerings and quarreling. Loyal Republicans will stand by the nominee.

FROM the earliest history of this country there has always been a contention against acquisition of territory and the extension of the boundaries of the republic. When the vast domain known as the Louisiana purchase was ceded us by French, an anguished howl was raised by the dissenters, living to the East. When Texas was annexed, the same weeping and croaking was indulged in and the direst prophecies made. When the cession by Mexico and the establishment of the Rio Grande as the boundary were being consummated the same old arguments were rehearsed and the same old wails, tears and prophecies were brought forth. There has always been a party, or group, which has got in the way of progress and the republic, merely to be crushed under the wheels. They have always apparently feared the country would grow so great, so large, that they could not govern it, that they would lose their political powers. They have acted as if the blessings of civilization and civil liberty should be confined to some little corner of the world in which they lived. The American people will not confine freedom. It is not for one people and yet for another. This principle of civil liberty will never cease its efforts until the world shall be free and the people their own rulers. At this time we are being treated to another howl. It might as well cease for all the good it will do. Cuba shall be free—Porto Rico shall be free—the Philippines shall be free, and every spot over which Old Glory floats shall be free, henceforth and forever.

THE WAR BONDS. The bonds that are now being offered by the government as a popular loan bear interest at 3 per cent, payable quarterly. The denominations of the coupon bonds are \$20, \$100, \$500, \$1,000; of registered bonds, \$20, \$100, \$500, \$1,000, \$5,000 and \$10,000. In terms they are precisely like all other United States bonds outstanding—that is, they are payable in coin.

For a month yet, or until 2 o'clock p. m. July 14, no subscription will be honored that calls for more than \$500. All others will be pigeon-holed. If the subscriptions for \$500 or less exhaust the entire issue of \$200,000,000 the others will stay pigeon-holed. The allotment of what remains will commence with the smallest subscriber—that is, the man who wants \$600 or \$1,000 worth of bonds will have his application honored before that of the man who asks for \$1,200 or \$2,000, and so on. It is therefore practically impossible for the banks and wealthy men who would bid for blocks of \$100,000 or \$1,000,000 to get any of these bonds if the people of modest means take advantage of this month of time.

The bonds will be dated Aug. 1, 1898 and will run 20 years, the Government having the right to pay them after the expiration of ten years.

SOCIETY NOTES.

Quite merrily has whirled the social wheel the week just passed, for the social calendar has been a full one, each day bringing forth one or more pleasant functions, keeping the people in perpetual motion. It is too good to last, however, and if signs are true events next week will be few.

The Misses Reed in honor of their guest, Miss Janelle, of Cairo, gave a wheeling party Thursday afternoon. The run was to Ramona park where a delightful supper was served. On account of the heavy rain that evening the party returned on the cars.

The members of the Young Ladies' Circle club will enjoy two meetings of the club next week with Mrs. Chas. Moequut and Mrs. Edwin Rivers as hostesses.

A Dainty Party Hood.

Even in the summer, when going any distance to a dance or party, a large hood to throw over one's head is a necessity. When going out on the cars to the suburban parks, it is risky to have the head uncovered, and as these hoods are made large and comfortable there is no danger of the hair being disarranged. A lovely model is of white china silk, lined throughout with the same material. A ruffle of lace forms the cape of the cap; a frill of accordion pleated chiffon encircles the face, while a coquettish bow of white satin ribbon adorns the top of the cap.

PARIS FASHIONS.

The newest French etamines are barred with satin and figured with pretty Louis XIV designs in natural colorings.

The latest Parisian disposition of the persistent box pleat which has so generally adorned the front of many fancy bodices, places it this season from shoulder to belt on each side, with a band of lace insertion or rich passementerie laid over it. Turn back reverse finish the immediate fronts, these faced with some handsome contrasting fabric. A dainty chemisette shows between, and the fullness is drawn more closely in at the waist, leaving very little, if any, of the former poach effect.

A PRETTY HOUSE GOWN.

There is charming simplicity shown in the summer styles, which is grateful to the eye; and if there is not much originality, there is certainly variety. One decidedly youthful house gown, of cream colored batiste has the round skirt made with a deep frounce at the foot. The full blouse of the plain material is plaided with insertions of cream lace. The shirred sleeves are of embroidered batiste, with a small puff at the shoulder, finished at the wrist with a ruffle. This gown would look well made up in any soft material and would be especially becoming to a full figure.

MEN, MARRIAGE AND WOMEN.

When a man marries the girl he loves he thinks he has everything he wants, but he soon finds out he has not.

In choosing a husband always leave him to do a fair share of the choosing.

Marriage is a lottery in which many of the prizes are drawn by men that never find it out.

Many a married man is kept from wishing he was single again for fear his wife will find out about it.

Marrying a woman for money is generally a trifle risky, for you always get the woman and not always the money. H. C. BOUTWELL.

Speaking of men and marriage, beware of the wife who, as she kisses you good-bye, slips a bit of paper into your pocket, saying: "There's a list of a few things I'd like you to get on your way home. Please don't overlook any of them today. There's a dear." Jenkins has such a wife. He takes the little slip, and says: "Yes, my dear; I'll get them." He gives himself ten minutes to catch the train for home, and this is the list: Six lemons, a dozen oranges, a yard of blue ribbon like sample, dozen shirt buttons, bottle of ipecacuanha, bunch of celery, bottle of vanilla extract, pound of almonds, pound of moist sugar, yard of white cambric, shilling's worth of chamois leather, box of glycerine jujubes for baby's cough, card of hooks and eyes, figs, package of pins, boot laces for Johnnie, piece of blue dress braid, and something for baby. He arrives home with two lemons and an orange, and looks unutterable things when Mrs. Jenkins says: "You didn't have time to get the other things? Why, my dear, I could have bought them all in ten minutes."

A college society has been organized at the First Ward Baptist church, with Mrs. Dr. W. H. Nelson president. It is designed to work for the interest of the state university at Louisville.

Thoughts of the eighth of August are beginning to bud and the committee is sparing neither time or expense in preparing for a big celebration at Ramona park.

Rev. H. A. Steward, P. E., of the Paducah District, C. M. E. church, will hold his quarterly conference to-night and tomorrow. He will also occupy the pulpit at the Husba and

Street church tomorrow at 11 a. m. Subject, "Dry Bones in the Valley." General class in the afternoon. Subject for evening service, "The Nature of Life."

Don't forget the concert at the A. M. E. church tonight.

Mr. Robt. Glass and Miss Eliza Canan who were married in Metropolis yesterday, were received on their return by their friends with many congratulations and wishes for success in life.

Argument

Is not necessary to convince a thinking person that money is the way away when invested in a typewriter that has not passed its experimental period.
Years of hard, thoughtful effort and continual experimenting are necessary before reaching approximate perfection in a writing machine. Is it wisdom, then, for one to contribute to this cost of experiment?

Reputation Established

Years of experience, constantly increasing sales the world over—the natural result of typewriter excellence—is the unquestioned record of

THE SMITH PREMIER TYPEWRITER.

When you buy a Smith Premier you obtain a writing machine that is in advance of all others in points of improvement and durability. Do not pay for the costly experiments of others. The Smith Premier passed its experimental period years ago. It now stands the leader among writing machines. Descriptive catalogue free.

Bicycle Blow Hards

Can only talk about building a correct and up-to-date bicycle. But the Excelsior Bicycle Works was the first and are the only people in Paducah to try that ever manufactured a complete, high-grade bicycle in Paducah, the only people that ever put a white enamel on a bicycle frame, others have tried but they failed. It is the verdict of the best known riders in Paducah that the Excelsior is the prettiest, speediest and most durable bicycle that exists. When good riders pay for bicycles they ride the best. The following speedy, fearless and daring riders, will pedal the Excelsior to victory this season: Emory Hobson, the undisputed junior champion of Paducah. Eddie Toof, the promising star of 1898. Owen Tuilly, the fast pacemaker. Rich Halsey, Walter Wilkins, Billy Orr and others. Any old bicycle repair shop can build a bicycle, but why can't they sell them? It's easy to answer if you see them. Illinois Central R. R. OF INTEREST TO STOCKHOLDERS

Free Transportation to Attend the Annual Meeting at Chicago. Some Interesting Facts.

In order that the stockholders of the Illinois Central Railroad company may more readily attend in person the annual meetings, there has been posted in each station of the company a notice to the effect that, in accordance with a resolve of the board of directors, there may be issued to each holder of one or more shares of the capital stock of the Illinois Central Railroad company, as registered in the books of the company, a ticket enabling him or her to travel over the company's lines from the station of the Illinois Central Railroad nearest to his or her registered address, to Chicago and return, for the purpose of attending, in person, the next annual stockholders' meeting of the company, which will be held at its general office in Chicago on Wednesday, September 28, 1908, at noon. Details as to the necessary procedure to obtain such ticket, the date of its issue and its limit, are fully set forth on the posted notices referred to. In this connection, it will be interesting to note that since, in 1862, the capital stock of the company became full paid, a cash dividend, ranging from 4 per cent. to 10 percent, per annum, has been paid semi-annually to every holder of stock, and that it is now twenty years since the company, in any year, paid less than 5 percent., the present rate of distribution.

BLUEJACKETS ON WHEELS.

Majority Are Fond of Cycling—Captain Sigbee's Bicycle Recovered.

Capt. Sigbee's bicycle was taken from the Maine wreckage, after having been in the mud of Havana harbor for five days, and those who read this fact seemed to find some difficulty in imagining a sailor on a bicycle. Yet not only are the officers of the United States navy addicted to the bike habit, but the bluejackets themselves are enthusiastic cyclists. On account of the cramped living and stowage quarters of the men forward on a man-of-war the sailors in our navy are not now permitted to take bikes aboard ship, but it is likely that before very long they will be allowed to stow their bikes in unused storerooms. The men forward have been agitating this for some time. At least half of the officers, however, are the owners of bicycles, which they take along with them on their cruise.

The bluejackets who are fond of biking no sooner strikes a port, in this country or abroad, wherein the roads are good for riding, than they go ashore in a body, rent machines and take long spins. The bluejackets are pretty apt at learning to ride, probably because they are without fear of physical injury, but, nevertheless, it is a funny sight to see a man in the bluejacket uniform trying to mount a wheel for the first time. The sailor scorns the assistance of any teacher, whether the teacher be a shipmate or a civilian, and he simply wants to get the knack of it at the first go-off, and in nine cases out of ten he succeeds in this, on account of his fearlessness. He will not pull his wheel up along side a curbstone to mount it even for the first time, but places it right in the middle of the road and makes the leap from the step. If he falls off, well and good; he picks himself up and tries it again. When he finally gets under way, however wobbly he usually sticks on, by reason of his instinct for keeping the pedals moving.

RESIGNATION TENDERED.

Councilman Eades Resigns as a Member From the Fifth Ward. It Was No Surprise, However.

The Council Was Not to Be Fooled, and Demands the Evidence in the Case Before It Accepts.

The council met last night in called session to consider the bribery charges against Councilman Eades, and there was a large crowd present to hear the proceedings. The action taken by the council was not conclusive, however, as the evidence intended to be submitted to that body was not produced by Councilman Eades and his attorneys. Instead, the councilman had followed the advice of some of his friends in the council and prepared his resignation to forestall the exposition of the testimony, while the council refused to accept until the evidence as a whole is shown up.

All the members were present except Councilman Eades when the council was called to order at 8:15. Mayor Lang stated the purpose of the meeting. The banks in a communication stated all they wanted was a fair rate of taxation, the same as individuals are taxed. This they are willing to pay.

The matter was referred to the finance committee, mayor and city attorney.

The resignation of Councilman Eades was read as follows:

Paducah, June 17.—Honorable Mayor and Common Councilmen: Having called for and had a full investigation relative to certain reports made by malicious and unscrupulous parties relative to my conduct as councilman, and having a full stenographic report of all the evidence given, which will fully vindicate my innocence to all unprejudiced persons, and not wishing to impose on any one, or being further imposed upon by those who may be prejudiced against me, I herewith tender my resignation as councilman to take effect at once. Respectfully,

WM. EADES.

Councilman Fowler asked where the evidence taken in the case was. Mayor Lang replied that it was last seen in custody of Mr. Eades' attorneys, who stated to him that it would be submitted to the council last night.

Councilman Fowler said he wanted the evidence. That at Mr. Eades' request the evidence was taken by the council committee and was a part of the council proceedings. He said he was opposed to the acceptance of the resignation unless the evidence was produced. That Mr. Eades said in his resignation he was vindicated. Where was the evidence to show whether he was vindicated or persecuted? He wanted the evidence filed as public property, that any one might see it.

Mr. Jones asked who employed the stenographer.

Mayor Lang said that Messrs. Eades and Davis employed the stenographer.

Attorney Bagby, who represented the city, said he had written a note to the stenographer and asked if he had made a copy of the evidence for the city.

Mr. Ezell moved to postpone action until the regular meeting Monday night, and the motion prevailed.

Capt. Fowler moved that if the original document could not be produced, to have the stenographer make a certified copy. The motion prevailed.

Chairman Clark, of the light and water committee, moved that the resignation of Superintendent Frank Davis, of the city plant, be made permanent. Carried.

Councilman Fowler said the scales in the market house were out of order. He moved that the mayor employ some one to put them in order. Carried.

Councilman Ezell said the residents of West Broadway were becoming impatient about drainage in that locality.

The mayor said he had notified the street car company three times to remove its obstructions, and had received the reply that it would, but thus far had failed. Another effort will be made.

GOING TO MANILA.

Nelson Tally, a well known Paducah boy, is now at San Francisco, with the Tennessee volunteers who are en route to Manila. He is a son of Mr. W. B. Tally, the well known millwright, and is known here as a very bright young man. He was at work in Tennessee when the war began, and joined the volunteers.

WENT TO METROPOLIS.

A fairly large crowd of Paducah people went down to Metropolis last night on the Cowling's excursion, given by Mr. Willis Ward. A dance took place when Metropolis was reached, and the crowd did not reach home until early this morning.

DR. HERMAN HESSIG BACK.

Dr. H. Hessig, whose wife sued him for maintenance last week, and who disappeared a day or two afterward, returned to the city this morning, accompanied by his son, whom he carried with him. He has expressed a determination to remain here and resume practice.

The "Siberia" refrigerator is guaranteed to be charcoal filled, therefore the best ice keeper.

SCHOOL CAUCUS.

The Annual Election of Teachers Will Take Place Next Week.

Caucus to Be Held Monday—Supt. McBroom Has No Opposition For Re-Election.

Monday night there will take place at the city hall the regular annual caucus of the board of education. It will be held to nominate teachers, but is virtually held to elect them, and the subsequent election in past years has been merely a formality.

The caucus will be of unusual interest. Supt. Geo. O. McBroom has no opponent, hence his nomination and election are certain. Owing to the increase in school children, it will be necessary to this year have three new teachers, two for the grammar schools, and a second for assistant of the principal of the high school.

DEATHS OF A DAY.

Mr. John Schotta Succumbs After a Lengthy Illness, This Morning.

Death of a Child in the County—Mr. M. M. Woods, of Marshall County, Died Last Night.

Mr. John Schotta, a well known young man of the city, died this morning at his home on South Fifth street, after a lengthy illness, from a complication of diseases. He was about 28 years old and unmarried, and leaves to mourn his loss a mother and several brothers and sisters. The funeral will take place tomorrow afternoon at 3 o'clock, interment at Oak Grove.

Mr. M. M. Woods, aged 60, died at his home near Sharpe, Marshall county, last night, after a lengthy illness. The deceased leaves a wife and five children, four sons and one daughter. The funeral took place today.

Ray, the 10-year-old son of John Riley, of the Gum Springs neighborhood, died last night of congestion of the bowels. The funeral will take place tomorrow afternoon at 5 o'clock.

SQUIRE WINCHESTER WORSE.

Mr. Farrar Winchester received a telegram last night from Mr. Hamby, proprietor of the Hamby house at Dawson, stating that his father, Justice J. P. Winchester, who is at Dawson for his health, was worse, and had been in a stupor since Monday. If he could be induced to drink the water he would probably improve, he further stated.

His daughter, Miss Ellis Winchester, left on the one o'clock train last night for Dawson to be at his bedside, and Mr. Farrar Winchester expects to leave today.

The many friends of the popular justice will regret to learn that he is not so well, and will wish him a speedy recovery.

IT WAS A DRAW.

The Mill between Mike Daily, of Philadelphia, and Billy Layton, of Hot Springs, at Ramona park, was declared a draw at the end of four rounds. There was a fairly large crowd present, and it was the first mill seen here in quite a while.

Layton has challenged Jerome Smith, a well known blacksmith, for a four round contest, the winner to take the gate receipts, and the challenge has been accepted. The fight takes place Tuesday night, and Layton agrees to knock out his antagonist in four rounds.

WILL NOT RUN.

Frankfort, Ky., June 18.—It is said here that friends of Judge Holt, from different parts of the state, are urging him to become a candidate for governor. The judge is engrossed in his law practice, and when approached yesterday upon the subject said he was not a candidate for any place. Judge Holt further said he expected to win the prison case in the court of appeals, and did not contemplate taking it to the supreme court.

COLORED DEPARTMENT.

777 ANNUAL SERMON 333.

By Rev. J. W. Hawkins, to the Knights and Daughters of Tabor, Sunday.

The annual sermon of the Knights and Daughters of Tabor, will be preached tomorrow afternoon at 2:30 o'clock, at the Washington-street Baptist church by the pastor, Rev. J. W. Hawkins. The order will march to the church from their hall headed by the juvenile brass band. It will be gala day for the order.

The Mt. Zion, Stone Quare and Mt. McGregor lodges of F. & A. M. will have their annual sermon preached next Sunday, June 26, at the Washington-street Baptist church, by the Rev. G. H. Burks.

Misses Eve A. Smith and Katie Hale, who have been visiting in the city for some time, left yesterday for Symonia, Ky., for a visit of several weeks.

We have got to outgrow a great many things, but we must be patient, and like Job of the good book, wait till our change comes. A case in point: we can always find persons to notify us when we have made what appears to them to be a mistake, but not a word of encouragement or cheer, especially from them, when we have done well.

Rev. J. J. Jacobs, of the St. Paul A. M. E. church, Mechanicsburg, will conduct a rally at that church all day Sunday. Rev. L. B. Sims, the presiding elder, will preach at each service, morning, afternoon and evening. All members are expected to be present and all friends are invited.

POLICE NEWS.

There Was An Interesting Session of the Police Court This Morning.

Henry O'Rourke is in a Bad Predicament—Other News of General Interest

Joe Farris and Henry O'Rourke, who were arrested yesterday for maliciously cutting each other, were arraigned before Judge Sanders this morning, and the evidence was heard and the case left open until Monday.

The evidence showed that the two men were in Ward's saloon, night before last drinking. They had a dispute and agreed to go outside and fight it out. There were several people inside at the time, but none seemed to see O'Rourke with his knife but the proprietor, who himself was not certain. Farris had his ip out when he reappeared.

O'Rourke, who is a tough looking customer, said that he was drunk and did not know what he did, and it was used his knife he did not know it. Judge Sanders said that it was a penitentiary offense to split a man's lip under any circumstances, and left the case open. It now looks very much like O'Rourke will go to the penitentiary whether he cut Farris or struck him. Farris is out on bond.

R. P. Paxton was charged with using insulting language towards Officers Underwood and Adkins in the police court this morning. He pleaded guilty and was fined \$3 and costs.

Officer Underwood has not yet given up his position on the night police force. He first resigned to take effect on the 15th, but afterwards changed the date, and will now give up his place on July 1st, to be succeeded by Mr. Jas. Crow.

Pinckney Childers and Luther Bett, two young men well known in police circles, were tried for a breach of the peace, and were fined respectively \$1 and costs and \$5 and costs.

NEWS OF THE RIVERS.

Down about the river

With fishing pole and line, Didn't catch a smither, But the warm sunshine.

The Dick Fowler was out at 8:30 for Cairo this morning.

The Kenton left this morning for Caseyville after a tow of coal.

The Clarksville left today at noon for Elizabethtown with a good trip.

The Sunshine from Cincinnati will pass down this afternoon for Memphis.

The Clyde was let off the ways this afternoon, after undergoing some slight repairs.

The John S. Hopkins was in and out for Evansville today at 10 o'clock with good business.

The City of Sheffield from St. Louis passed into the Tennessee for Florence this morning. She had a big passenger list.

The Tennessee arrived out of the Tennessee river last night and leaves on her return up that stream for Florence, Ala., this afternoon at 4 o'clock. She is expected to have a big trip out going freight.

The Buckeye State is due up from the southern metropolis, New Orleans, this afternoon en route to Cincinnati. She has been delayed owing to a breakage in her machinery.

The towboat R. A. Speed, that tied up over at the island last week, is out again owing to the fact that the Cumberland river has risen sufficiently for her to go after another trip of ties. She got her crew and barges together last night and departed for Dover this morning.

The stage of water yesterday and last night was advancing, in consequence of the recent rains, and a further advance is expected today, but it is more than likely that tomorrow it will be receding here again. The gauge read this morning 11.2.

The work of taking out the old pump and replacing the new one at the water works is rapidly progressing, and by the latter part of next week the new pump will be in working order. It is a much larger one than either of the others. The Jackson Foundry and Machine company have bought the discarded pump and will probably sell it to some small place where a water works is desired.

An exasperated boyne had the denizens in the vicinity of the marine ways going just her way late yesterday afternoon. In fact she had the whole of First street for the time being and pedestrians retreated with pleasure. She took all the available space and seemed to enjoy the situation immensely. So to show that she appreciated the fact, she gave chase on little Jimmie Pruett, who was making all efforts to reach safety in a coal wagon, but was unfortunately too late and was knocked sprawling under the wagon, bleeding at the nose, besides skimming his hand and face somewhat. She then made a dive for a crowd of men among whom were Capts. Baker, Rouse and Mason, who scattered like nine-pins, but just in nick of time. Then turning her attention to the workmen at the ways, she ran over a man, causing much excitement. She was eventually subdued and taken to the stock yards.
